

November 1, 2024

Apache Stronghold and our team of attorney's will be filing our response to the reply briefs, filed by the United States and Resolution Copper Mining, on November 6, 2024. The Supreme Court will consider whether or not to hear our Appeal after our reply brief completes the Appeal filing.

The United States' position continues to stand with the prior Circuit Courts' decisions. Resolution Copper was allowed to enter the case after the En-Banc hearing. Our response to Resolutions' reasons why the Supreme Court need not hear our case will also be included in our reply brief.

Dr. Wendsler Nosie Sr. will be traveling to Washington D.C. for the filing on November 6th. Apache Stronghold will be in prayer during this time. Wendsler will be praying from Sunrise to Sunset in Washington D.C. He is calling on all people to join him in prayer.

For more information, those wanting to join with him, please contact Apache Stronghold.
